

MANY HANDS

PROJECT INFORMATION

Prepared By

Jonathan Everett
(Project Lead UK)

ABOUT US

A community project for the Lochinvar Community Primary School, Zambia

Supporting Youth, Health & Faith related community development

Jon Everett with Elvis Simamvwa & Ian Campbell, all of Affirm, visited in February 2022, and were introduced by Mark Hampande, the Lochinvar National Park Ranger, to Ruth Kalukangu, who is the Head Teacher & the school pupils.

The strong community relationships were evident by the inclusion of 100 pupils from the Twa community & the families located 40 km from the main gate, on the islands of the Kafue River flats.

Ruth raised her concern about safe clean dormitory and toilet facilities for the children from distant communities, especially the Twa. The Twa children board at the school & use a basic shelter for sleeping. A basic Ministry of Health clinic is locally available 8 km from the school, which needs upgrading.

Jon reflected on the interaction, and has initiated the 'Many Hands' project out of respect & appreciation of what has been achieved & to help address current practical challenges of the school & local community.

You are welcome to join us on a journey to see this community transformed.....
